DEVELOPMENT EVENTS

## IMPORTANT NOTE

Please thoroughly read the introduction section located on [FFA.org/cdeintro](https://www.ffa.org/cdeintro) for complete rules and procedures that are relevant to all National FFA Career/Leadership Development Events.

### **Purpose**

*The purpose of the National FFA Agricultural Sales Career Development Event is to evaluate and demonstrate skills that are essential for an individual to be successful in the agricultural sales career. Students will also develop an understanding of the opportunities available in the sales industry. The process of selling agricultural products is essential for production and marketing of agricultural products.*

## Objectives

The Agricultural Sales Career Development Event provides the opportunity for the participant to:

- Develop verbal, written and interactive communication skills.
- Demonstrate skills to build rapport with customers.
- Discuss features and benefits of a product.
- Identify potential customer objections.
- Introduce the product to prospective customers.
- Develop a sales call that determines and addresses customers' needs and objections.
- Attempt to close the sale by asking for customer's buying decision.
- Identify and demonstrate the use of questions throughout the sales process.
- Develop active listening skills.

## Event Rules

- The team will be composed of four students, and all four individual scores will count toward the team total.
- It is highly recommended that participants wear FFA Official Dress for this event.
- Any participant in possession of an electronic device in the event area is subject to disqualification.
- Business cards are not permitted and will not contribute to the individual or team scores.

## Event Format

*The event will be composed of three parts. Individual scores will be comprised of the written exam and individual sales activity. The team score will be comprised of the team activity and all individual scores.*

The product(s) utilized in the event and activity examples will be announced during the summer prior to convention on the CDE webpage. Provided product information may include appropriate company information and price list.

Each participant will be allowed to bring a one-inch binder to the event containing the provided product information and any other information gathered by the participant.

### **INDIVIDUAL WRITTEN EXAM (100 POINTS)**

The written exam is designed to evaluate an individual's knowledge of sales skills. The listed resources will be used as a basic resource but the questions will be generated based on basic sales concepts. The test will not exceed 30 questions and 45 minutes. The questions will consist of multiple choice, fill in the blank, short answer and essay format. Point values will be assigned to each question based on the skill level of the question.

### TEAM ACTIVITY (150 POINTS)

- Team members will work together to demonstrate teamwork, group dynamics, problem solving, data analysis, decision making and oral communications.
- Teams will be allowed to use their 1" binder for the event.

The following information will be provided to the team at the event as if they were a group of salespeople working together to develop the pre-call planning prior to conducting a sales call.

- Product information (before event)
- Profile of one or two customers
- The team will be provided with paper and pencils. No presentation equipment such as laptops, flipcharts or dry erase boards will be allowed.

The team will then develop the pre-call plan (for the product(s) provided prior to the event) necessary to sell the product(s) in a face-to-face sales call. This pre-call plan should include:

- Potential questions to build rapport for the scenario.
- Common interests that team members have with the customers.
- Identify questions that help determine the wants and needs of the customer.
- Identify active listening skills or techniques for determining needs and wants.
- Identify and match potential needs and wants of the customer to the products' features and benefits.
- Identify potential objections of the customer.
- Identify potential concerns of each customer.
- Teamwork and involvement of team members will be judged during this event.
- Students are expected to explain their decisions for the pre-call plan based on selling principles.

- The team will be given 15 minutes to analyze the information and prepare to answer questions about the pre-call plan. During this 15 minutes, the team will be judged using the team activity scorecard.
- At the conclusion of the 15 minutes, team members will have an additional 15 minutes to individually answer questions from the judges and they will answer without assistance from their team members.

**INDIVIDUAL SALES ACTIVITY (150 POINTS)**

Participants will directly sell the product(s) to judge(s). Students will be given a preliminary customer profile and will have at least five minutes to review the preliminary customer profile prior to meeting with the judge(s). The judge(s) will act as the customer which may include not buying the product. Participants will have to establish rapport, ask probing questions to ensure they meet the customer's needs, and clarify customer information as a part of the sales call. Participants will have 20 minutes to interact with the judge(s). Participants are allowed to use their one-inch product information binder during the individual activity.
